Construction Activities - United States

Week of April 29, 2024

Long Term I-75 Closures

As construction of the Michigan Interchange and the US Port of Entry (POE) continues, Bridging North America will extend the temporary closures along Livernois Avenue. Additionally, Cavalry Street and Military Street will remain closed over a long-term period. As a reminder, in July 2020, several streets closed over a long-term period including sections of Dragoon Street, Driggs Street, Harvey Street, Reeder Street and Hussar Street.

Junction Street

- Junction Street bridge between the northbound and southbound I-75 Service Drives will close over a long-term period.

Springwells Court

- Springwells Court northbound and southbound is closed west of the Lafarge entrance to east of the Springwells Court detour from May 15, 2021 until November 23, 2024.

Cavalry Street

- Cavalry Street will remain closed between the northbound I-75 Service Drive and Fort Street.

Military Street

- Military Street will remain closed between the northbound I-75 Service Drive and Fort Street.

Post Street

- Post Street remains closed over a long-term period between CSX Railroad and the Delray Mechanical entrance.
- On March 25, 2024, Post Street will close over a long-term period between Jefferson Avenue and South Street. Access will be maintained for Delray Mechanical from Jefferson Avenue.

Campbell Street

- The existing long-term closure on Campbell Street between West Jefferson Avenue and Fort Street will remain in place until spring 2024.

I-75 Northbound

- The Livernois exit-ramp at Northbound I-75 will close over a long-term period.

Construction Activities - United States

Week of April 29, 2024

Construction Activities

US Port of Entry (POE)

- Construction activities remain ongoing for interior and exterior components of the buildings and structures.
- This week, activities include the installation of light fixtures, dry wall ceilings, overhead conduit and grilles, registers and diffusers.
- Crews also painted drywalls and doors and worked on telecommunication and fire alarm cabling.

US Bridge site

- Cap construction continued at anchor pier.
- Installation of main span segment panels continued.
- Stay cable installation work continues.
- Approach and back span activities are ongoing.
- The US bridge tower has reached its full height of 220 metres/722 feet. The jump form system has been completely removed.
- Crews have removed the falsework bents that worked to support the back span of the road deck. Now, crews continue to stress the stay cables.

Michigan Interchange

- Construction continues as noted in the Michigan Interchange I-75 Closures above.
- Siphon work continues in various areas.
- Paving on Fort Street continues.
