

2020 COMMUNITY ORGANIZATION INVESTMENT: FUNDED INITIATIVES

The Gordie Howe International Bridge project is a once-in-a-generation undertaking. Not only will the project deliver much-needed transportation improvements for international travellers, it will also provide jobs and opportunities for growth to the Windsor, Ontario and Detroit, Michigan region. A key project element is the inclusion of a Community Benefits Plan which includes the Workforce Development and Participation Strategy and the Neighbourhood Infrastructure Strategy.

The Neighbourhood Infrastructure Strategy of the Community Benefits Plan includes a commitment to provide a \$50,000 (CDN) annual investment allowance over five years for community organizations located in or servicing Sandwich/west Windsor and Delray/Southwest Detroit (the host communities) respectively. Funds will be used to support events, programming and infrastructure improvements that will benefit the host communities and align with one of the community investment priorities, including: community partnerships, community safety and connections, economic benefits, and/or aesthetics and landscaping.

Eligible registered non-profit and charitable organizations were invited to submit requests for funding between November 2019 and January 2020. 50 eligible applications were reviewed, scored and prioritized by members of the Local Community Group which includes 16 stakeholders representing various perspectives from Windsor and Detroit. The prioritized applications were reviewed by senior project representatives from Windsor-Detroit Bridge Authority, Bridging North America and the State of Michigan to identify applications that will receive funding in 2020.

In July 2020, the first release of \$100,000 (CDN) funding through the Community Organization Investment will be provided to successful applicants. Six initiatives will receive funding in Canada and three in the US. The Community Organization Investment initiative will be available annually for a five-year duration from 2020 – 2024. An open call for applications will occur in late fall of each year, with funding released to successful applicants the following July.

Additional details about this year's nine initiatives are identified below.

CANADIAN INITIATIVES

SANDWICH UNDERGROUND RAILROAD

FREEDOM MUSEUM

Organization: Sandwich First Baptist Church

Funding: \$20,000
