

GORDIE HOWE INTERNATIONAL BRIDGE ONLINE INFORMATION SESSION FOR MICHIGAN INTERCHANGE NOISE WALLS

The Gordie Howe International Bridge project team is hosting an online information session regarding the construction of Michigan Interchange noise walls.

To meet requirements included in the Final Environmental Impact Statement (FEIS), Bridging North America (BNA) plans to construct noise walls (traffic sound barriers) along three sections of southbound I-75 to help mitigate highway noise for nearby residents:

1. Between Green Street to Waterman Street
2. Between Dragoon Street to Junction Street
3. Between Junction Street to Clark Street

Involving the Public

Join us online for an information session on January 11, 2022 to learn more about the noise walls, their locations and the public engagement process.

NOISE WALLS ONLINE INFORMATION SESSION

Tuesday, January 11, 2022

6:00 – 7:00 p.m.

Register to attend by email at info@wdbridge.com or phoning 1-844-322-1773. The meeting link will be shared upon registration.

The presentation and meeting materials will be posted to the project website following the event.
